

Call for the Papers/Abstracts for the Special Session on

Special Session Theme

Video Forensics and Information Security

Session Chairperson: Dr. Ajay Gadicha, P.R.Pote College of Engg and Management Amravati

Aim: The main objective of this special session is to present the research from different areas of science and technology. This special session provides a platform for researchers and scientists across the world to exchange and share their experiences and research results about all aspects of electronics and information technology. This special session also provides an opportunity to interact and establish professional relations for future collaboration. The special session aims to promote innovations and work of researchers, engineers, students and scientists from across the world on Advancement in electronic and computer systems. The basic idea of the special session is what more can be done using the existing technology. In Today's world electronic and computer systems plays an important role for future's innovation.

Areas of Coverage (sub-themes)

The areas of coverage for this special session are:

- Computer Architecture
- Green Computing
- Internet of Things (IoTs)
- Communication & Network
- Digital Signal and Image Processing
- High Performance Energy Efficient Computing (HPEEC)
- Cloud Computing
- Embedded Systems
- Data Mining
- Robotics
- Artificial Intelligence
- Smart Electronics
- Experimental Algorithms
- Formal Methods
- Software Engineering
- VLSI
- Hardware
- Smart Electronics
- Web Technology
- Experimental Algorithms
- Formal Methods
- Software Engineering
- VLSI
- Hardware
- Web Technology

Submit your original Full length paper for presentation and publication or Abstract for only presentation on iccsmo2020@gmail.com. Also send on email of special session chair at ajjugadicha@gmail.com (Special Session Chair Email Address)

Session Chairperson Details

	<p>Dr. Ajay B Gadicha working as Associate Professor in P.R.Pote College of Engg and Management Amravati. He completed Bachelor of Engineering from Sant Gadge Baba Amravati University in 2009.He completed M.Tech from same university in 2011& PhD in Computer Science and Engineering in Oct 2019.He has 10 years of experience in the field of Computer Forensics and Information Technology and Engineering fertility .he has published 60 research papers in National and International conferences & journals .He has publish 2 book (online) and 10 patent filled in the field of Electrical /Electronics and Machine Learning. He also working in 160 editorial and reviewer board of various national and International bodies & communities including ISTE, CSI,,IAENG,IEEE,ACM,IFERP etc.</p>
